

3. Information on vulnerability to electronic countermeasures and counter-countermeasures, system performance capabilities and effectiveness, survivability and vulnerability data, PAC-3 and GEM-T Missile seeker capabilities, non-cooperative target recognition, low observable technologies, select software/software documentation and test data are classified up to and including SECRET.

4. If a technologically advanced adversary were to obtain knowledge of the specific hardware and software elements, the information could be used to develop countermeasures which might reduce weapons systems effectiveness or be used in the development of a system with similar or advanced capabilities.

5. A determination has been made that the Government of the UAE can provide substantially the same degree of protection for the sensitive technology being released as the U.S. Government. This proposed sustainment program is necessary to the furtherance of the U.S. foreign policy and national security objectives outlined in the policy justification.

6. All defense articles and services listed in this transmittal are authorized for release and export to the Government of the UAE.

DEFENSE SECURITY
COOPERATION AGENCY,
Arlington, VA.

Hon. BOB CORKER,
Chairman, Committee on Foreign Relations,
U.S. Senate, Washington, DC.

DEAR MR. CHAIRMAN: Pursuant to the reporting requirements of Section 36(b)(1) of the Arms Export Control Act, as amended, we are forwarding herewith Transmittal No. 17-08, concerning the Army's proposed Letter(s) of Offer and Acceptance to the Government of India for defense articles and services estimated to cost \$75 million. After this letter is delivered to your office, we plan to issue a news release to notify the public of this proposed sale.

Sincerely,

J.W. RIXLEY,
Vice Admiral, USN, Director.

Enclosures.

(viii) Date Report Delivered to Congress: May 10, 2017.

*As defined in Section 47(6) of the Arms Export Control Act.

POLICY JUSTIFICATION

Government of India—CBRN Support Equipment

The Government of India (GoI) has requested a possible sale of 38,034 M50 general purpose masks; Joint Service Lightweight Integrated Suit Technology (JSLIST), which consists of 38,034 each: suits, pairs of trousers, pairs of gloves, pairs of boots and NBC bags; 854 aprons; 854 alternative aprons; 9,509 Quick Doff Hoods; and 114,102 M61 filters. Also included in the potential sale is training; technical data; U.S. Government technical assistance; staging/consolidation; transportation; and other related elements of logistics support. The estimated cost is \$75 million.

This proposed sale will contribute to the foreign policy and national security of the United States, by helping to improve the security of a friendly country which has been, and continues to be, an important force for political stability and economic progress in South Asia.

The GoI intends to use these defense articles and services to modernize its armed forces. This will contribute to the Indian military's goal to update its capability while enhancing the relationship between India and the United States. The GoI will have no difficulty absorbing these defense articles into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractor involved in this program is Avon Protection Systems, Inc., Cadillac, MI. At this time, there are no known offset agreements proposed in connection with this potential sale.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

TRANSMITTAL NO. 17-08

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act

Annex Item No. vii

(vii) Sensitivity of Technology:

1. The Joint Service Lightweight Integrated Suit Technology (JSLIST) is a chemical and biological protective garment meant to be worn over the operational uniform of the user. It has an outer shell made up of a 50% nylon and 50% cotton poplin blend material with a water repellant finish. The liner layer consists of a nonwoven front laminated to activated carbon spheres and bonded to a tri-cot knit back that absorbs chemical agents. When the JSLIST coat and trousers are combined with boots, gloves, and a chemical protective mask, JSLIST provides protection against chemical and biological agents, radioactive fallout particles, and battlefield contaminants. The highest level of information that could be disclosed by the transfer of the JSLIST Suit is UNCLASSIFIED. JSLIST is considered a U.S. military uniform item, and as such, any unit being sold to Foreign Military Sales customers will not utilize an actively used U.S. military camouflage pattern in accordance with the Security Assistance Management Manual (SAMM), Chapter 4, paragraph 4.5.6. and 10 USC § 771.

2. The M50 Joint Service General Purpose Mask is the U.S. Armed Forces' field protec-

tive mask. The system used two M61 filters integrated into the air inlet system to protect against nuclear, biological and chemical threats including select toxic industrial chemicals. The highest level of information that could be disclosed by the transfer of the M50 is UNCLASSIFIED.

3. All defense articles and services listed in this transmittal are authorized for release and export to the Government of India.

NOMINATION OBJECTION

Mr. WYDEN. Mr. President, today I am placing a hold on the nomination of Sigal Mandelker to be Under Secretary of the Treasury for Terrorism and Financial Intelligence. I will maintain that hold until the Treasury Department provides the Senate Intelligence Committee and Senate Finance Committee information and documents related to Russia and its financial dealings with President Trump and his associates. As announced by Senate Intelligence Committee Vice Chairman WARNER on Tuesday, May 9; the Intelligence Committee has made a request to the Treasury Department's Financial Crimes Enforcement Network, FinCEN.

I have stated repeatedly that we must follow the money if we are going to get to the bottom of how Russia has attacked our democracy. That means thoroughly reviewing any information that relates to financial connections between Russia and President Trump and his associates, whether direct or laundered through hidden or illicit transactions.

The office which Ms. Mandelker is nominated to head is responsible for much of this information. The Office of Terrorism and Financial Intelligence marshals the Treasury Department's intelligence and enforcement functions to combat financial crimes and threats, including money laundering.

TRIBUTE TO DANIEL K. AKAKA

Ms. HIRONO. Mr. President, today I wish to honor our former colleague, Senator Daniel K. Akaka, for his lifetime of distinguished leadership, service, and contributions to our Nation's veteran and Native Hawaiian communities.

Daniel Kahikina Akaka dedicated his life to serving the people of Hawaii. He served as a Member of the U.S. Senate for 22 years. Prior to that, he served Hawaii's 2nd Congressional District in the United States House of Representatives for 14 years.

However, his story of leadership and service begins well before his tenure on Capitol Hill.

On December 7, 1941, a young Senator Akaka witnessed Japanese fighter planes attacking Pearl Harbor from his dorm room at the Kamehameha Schools. The events of that morning were life-altering for him and many young men his age, and he joined the war effort.

Following his service in World War II with the U.S. Army Corps of Engineers,
